

Ringmaster Fly-A-Thon 2012

The Brotherhood of the Ring is sponsoring its 5th Annual Fly-A-Thon event:

October 6th & 7th, 2012

Matt Kania's beloved Ringmaster control line model has been built and flown by more modelers than any other control line model airplane!

This is not a contest! There are no entry fees or prizes! This Fly-A-Thon is to *honor* the most popular CL model ever!! Our goal is to make history by having more Ringmaster flights in a single weekend than last year's record of **1505** flights!

This event is open to *all* participants *worldwide*!

On October 6th & 7th, we challenge you to fly any one or more of the many Ringmasters, old or new, and report your flights to: ringmasterflyathon-2012@yahoo.com

Deadline for reporting is 12:00 noon Eastern Daylight time (USA) Tuesday October 9th

Location: *Wherever you are!*

Please report how many different Ringmasters flew, how many total Ringmaster flights were made and the location of these flights.

You may also report how many different pilots flew, how many Ringmasters were flown at the same time and what type of Ringmasters were flown.

If you get a new pilot to solo on a Ringmaster, that flight will count as 2 flights! The more, the merrier! Let us know how many new solo flights you have! If this will help promote new flyers by flying the same plane so many of us started with, this would be a bonus!

Let's keep the spirit of C/L alive!

Ok everyone! Just dig that old dusty Ringmaster from your attic and *go fly it!*

*The results will be compiled and reported by the **Brotherhood of the Ring***
Any questions may be directed to: ringmasterflyathon-2012@yahoo.com
