

Thanks for downloading this plane
It's all 3mm depron with a carbon spar for the wing

Refer to the pics posted on RCGroups.com

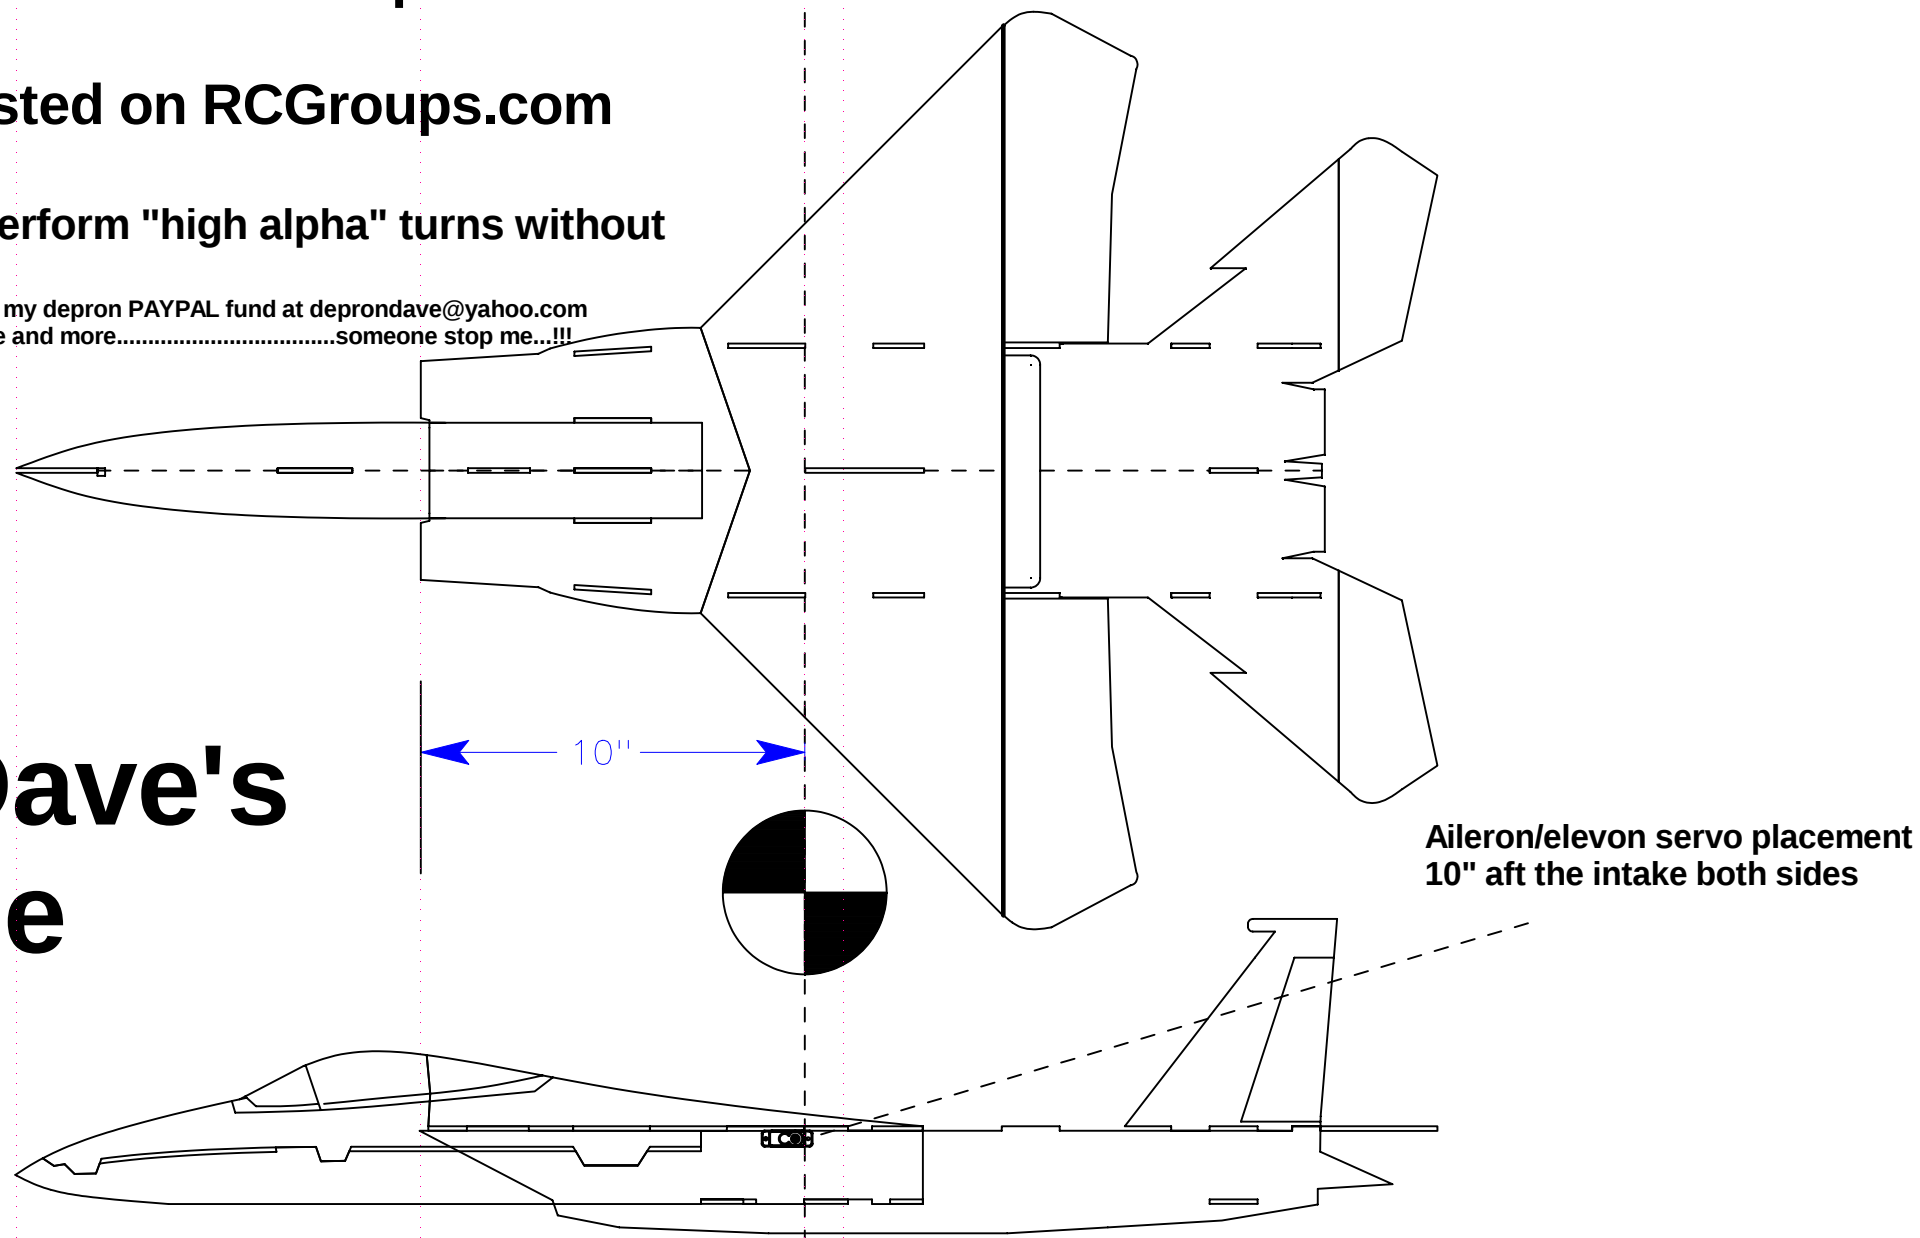

For linkage ideas,

NOTE: this plane will not perform "high alpha" turns without rudders!

If you like the plane maybe consider donating to my depron PAYPAL fund at deprondave@yahoo.com
by doing this I'll design more and more and more and more.....someone stop me...!!!

F

Depron Dave's F-15 Eagle

Suggested CG point
